1. PURPOSE

Carrier Wheels Pvt. Ltd. ("CWPL") is committed to protecting the environment and minimizing the environmental impacts of its operations.

This Environmental Policy establishes CWPL's commitment to environmental compliance, pollution prevention, resource efficiency, and continual improvement in environmental performance.

2. SCOPE & APPLICABILITY

This Policy applies to:

- All manufacturing and support operations of CWPL
- All employees, contractors, and visitors
- All activities that may impact the environment

The Policy covers environmental aspects related to:

- Energy and fuel consumption
- Water usage
- Air emissions and pollution
- Waste generation and disposal
- Use of natural resources

3. POLICY COMMITMENT

CWPL commits to:

- Complying with all applicable environmental laws, rules, and regulations
- Meeting conditions stipulated under statutory approvals such as Consent to Establish (CTE) and Consent to Operate (CTO)
- Preventing pollution and minimizing environmental impacts
- Conserving natural resources and improving efficiency
- Promoting environmental awareness among employees
- Continually improving environmental management practices

4. ENVIRONMENTAL MANAGEMENT APPROACH

CWPL manages its environmental responsibilities through:

- Identification of environmental aspects and impacts
- Implementation of operational controls and SOPs

Zoho Sign Document ID: DF932DC14-SS579IIYDPHQNL63KZ7FOOD_0CKAYCFFSZXJ9HI14I4

- Monitoring of significant environmental parameters
- Engagement of authorized vendors for waste and hazardous materials
- Periodic review of environmental performance

Environmental risks and impacts are identified through the Environmental Aspect–Impact Register.

5. ENERGY & CLIMATE MANAGEMENT

CWPL is committed to:

- Efficient use of energy resources
- Reducing dependency on fossil fuels where feasible
- Promoting energy-efficient practices and technologies

Energy performance is managed through the Energy Policy and supported by initiatives such as renewable energy adoption (e.g. solar installations, where applicable).

6. WATER MANAGEMENT & CONSERVATION

CWPL strives to:

- Use water responsibly and efficiently
- Prevent wastage and leakage
- Comply with water-related regulatory requirements

Water management practices are governed through the SOP for Natural Resources Management and relevant statutory approvals.

7. AIR EMISSIONS & POLLUTION CONTROL

CWPL is committed to:

- Controlling air emissions from operational activities such as DG sets, welding, and surface treatment
- Maintaining emission sources in accordance with regulatory standards
- Implementing pollution control measures where required

Air emissions are managed in compliance with CTO / CTE conditions and identified through the Aspect–Impact Register.

8. WASTE MANAGEMENT

CWPL ensures:

- Segregation of waste at source
- Safe storage and handling of waste

Zoho Sign Document ID: DF932DC14-SS579IIYDPHQNL63KZ7FOOD_0CKAYCFFSZXJ9HI14I4

- Recycling and reuse of waste wherever feasible
- Disposal only through authorized vendors

Waste streams include metal scrap, plastic waste, paper, e-waste, hazardous waste (used oil), and other operational waste.

Waste management is governed by the Waste Control & Disposal Procedure.

9. HAZARDOUS MATERIALS & CHEMICAL MANAGEMENT

CWPL ensures:

- Safe handling and storage of chemicals and hazardous materials
- Compliance with hazardous waste regulations
- Use of authorized recyclers for hazardous waste disposal

10. ROLES & RESPONSIBILITIES

Management

- Provide leadership and resources for environmental management
- Ensure implementation of this Policy

EHS / HR / Admin Function

- Monitor environmental compliance
- Maintain environmental records
- Coordinate with regulatory authorities and vendors

Employees & Contractors
